Professor Max Millikan
421 Argyle Drive
Alexandria, Virginia

Dear Professor Millikan:

I have just returned to the office from a long absence and I have from Eugene Rostow the draft CHAPTER XVII - A Cross Section of Views on Stabilization.

He suggests comments should be in your hands by August 1. It is now so late that I assume I should not take the time to prepare anything now. If I am wrong about this, please let me know.

Sincerely yours,

George W. Brooks
